## Company Profile

People who never visited Living Paradise do not believe that all these goods are directly manufactured in a company. Living Paradise has approximately 700 products and their moldings, and design certificates or patent of over 500 products. Currently, our company monthly produce half a million products, and quality control(QC)is carried out systematically through many experiences with large companies (obtained ISO9001, 14001) Over 99 percent of products are made in Korea.
